

HEAT PUMPS - LX Series

**14 AND 16 SEER
1.5 TO 5 TONS**

PERFORMANCE TRUE TO TRADITION

THE ALL-NEW COLEMAN LX SERIES

For over 100 years, Coleman has provided comfort and world-renowned quality and for the past 60 years, you can also count on its heating and cooling solutions that stand the test of time.

Coleman has developed the new LX Series according to the highest quality standards which have contributed to its reputation. With over 215,000 hours of system research, design and testing in real conditions, the new Coleman LX Series product line has been subject to the most important industry research and testing. Much more than a new version of an existing model, the LX Series innovates and sets new quality and durability standards through its revolutionary engineering and innovative construction.

FEATURES

- 1 **Reliable operation with a robust compressor:** proven in our extreme environment, accelerated life-cycle test facility.
- 2 **Reliable cold-weather operation:** is ensured by a demand defrost feature that minimizes heat pump operation, removing frost on the outdoor coil far more effectively than timed methods.
- 3 **Long-lasting, powder coat paint:** provides a durable, automotive-quality finish that looks great, even after years of outdoor exposure.
- 4 **Durable steel coil guards:** provide protection against coil damage.
- 5 **Quiet, direct-drive fan design:** minimizes vibration and sound.
- 6 **Optimized coils:** for effective airflow and heat transfer.

ACCESSORIES

OPTIMIZE YOUR INDOOR COMFORT AND PRESERVE THE HEALTH OF YOUR FAMILY BY ADDING COLEMAN AIR QUALITY PRODUCTS

High performance media air cleaner

- Captures up to 98% of particles down to one micron
- Traps bacteria and spores, while providing for removal of virus-sized particles
- Reduces risk of asthma and allergic reactions
- Very low static loss
- 5-year limited warranty

BP Series humidifier

- Healthier occupants
- Easy installation
- Ideal for 1,000 to 4,000 sq ft homes
- Extremely low maintenance
- 5-year limited warranty

RUGGED RELIABILITY

Tested to be tough: More than 215,000 hours of research, five years of accelerated field trials and extreme weather testing ensure reliable performance that lasts.

Advanced manufacturing: State-of-the-art quality control and assembly processes built upon the manufacturing expertise of Johnson Controls.

Optimized efficiency: Matched components do more with less, which is why Coleman products fit perfectly in your home while delivering advanced levels of efficiency.

Space and budget friendly: Quiet, small-footprint cabinets deliver big performance with features that meet your needs and fit your budget.

Safe for the environment, inside and out: We use R-410A refrigerant, which doesn't harm the ozone and keeps your system safe and efficient.

AWARDS AND DISTINCTIONS

Coleman units are listed among the best buys and best products on the market by recognized organizations such as Consumer's Digest.

FROM THE FACTORY TO YOUR HOME, PROFESSIONALS DEDICATED TO PROVIDING YOU PEACE OF MIND

Coleman designs its products to offer comfort, safety and reliability at all times. This is why they rely on a network of certified contractors with the best technical knowledge for the installation of their systems. They will help you select the best suitable equipment for your home and will install your system for maximum reliability and performance.

This network of certified dealers is supported by The Master Group, the largest independent distributor in the field of HVAC-R in Canada. For nearly 65 years, The Master Group has distinguished itself for its extensive inventory, exceptional customer service and technical expertise. An additional insurance of peace of mind for many years.

THE COLEMAN NAME HAS BEEN RENOWNED FOR OVER A CENTURY FOR THE STRENGTH AND RELIABILITY OF ITS PRODUCTS.

In 1914, Coleman introduced the first 300 candlepower lantern. The product was credited with lighting up rural America. In 1923, the Coleman Company introduced the fold-up camp stove. It quickly caught on. When the Great Depression took hold of the country, Coleman turned to manufacturing gas floor furnaces and oil space heaters. Then, during World War II, Coleman introduced the GI pocket stove. Over one million GIs went to war with this ingenious invention.

For nearly a century, the Coleman name has been a trusted icon in North America. Coleman air conditioners and heaters are adaptable to even the most punishing climates – and we prove it right here in our North American factories. We put our systems through extreme weather temperatures and corrosive environments to ensure that your system is built for the long haul. But don't just take our word for it. Take the word of those who have trusted the Coleman name for decades.
